

FOCUS SUDAN

TRIANGLE GENERATION HUMANAIRE has been working in Sudan, including Darfur, since 2004.

Since its arrival almost 20 years ago, Triangle Génération Humanitaire has worked closely with civil society actors and the local population. Triangle Génération Humanitaire stands in solidarity with the people of Sudan in the period of unrest they are currently experiencing and calls for an end to the conflict and the violence in the country.

Since 15 April, Triangle Génération Humanitaire has taken exceptional measures to ensure the safety of its teams. The expatriate staff was evacuated on Sunday 23 April, thanks to the French Embassy in Sudan, the French Ministry of Foreign Affairs and the French military. They intervened effectively, while looking after the condition of people who had suffered trauma as a result of their experience. National staff are currently stationed at our various locations: Khartoum, El-Geneina, Foro Boranga, Zalingei, Kereneik, Um Dukhun, Bindizi, and Golo. They stay mobilized and try to appraise the needs where they stay and explore options for responding to these.

In these tragic circumstances, Triangle Génération Humanitaire's priority is to guarantee the safety of its teams, while developing, in collaboration with civil society actors, new relevant and efficient interventions.

Triangle Génération Humanitaire remains committed to the people of Darfur and Sudan in general and is ready to resume activities as soon as possible. In this perspective, consultations with partners such as Community-Based Organisations (CBOs), Sudanese youth associations and women's associations are underway to adapt the current projects to the new reality.

Triangle Génération Humanitaire will respond to the crisis in Sudan by providing the best possible solutions to the urgent needs of the people, in accordance with the humanitarian principles of humanity, neutrality, impartiality and independence.

Testimony of Don McPhee, Country Director of TGH in Sudan
