

**Number
of wells
cleaned by our
teams in Aden**

30 / 30

**The impact of
the project on
the overall
production of
water**

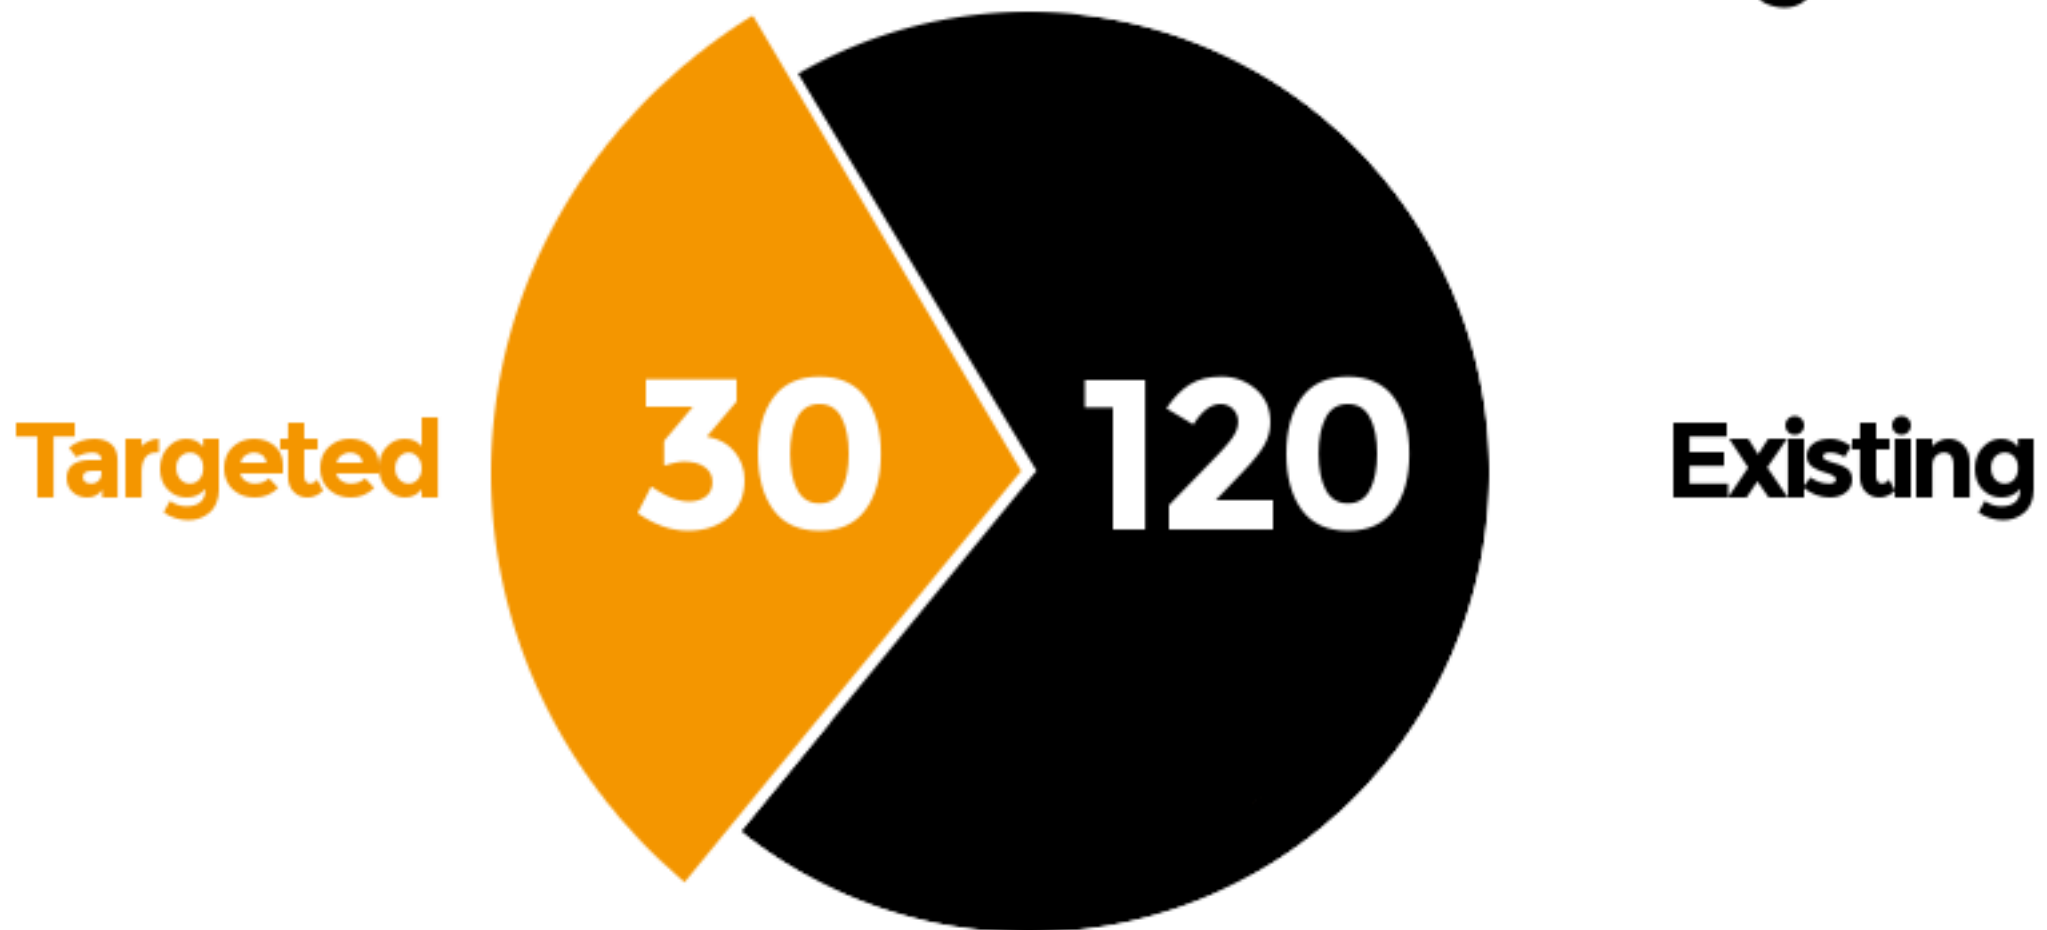

**increase in
productivity of the
30 wells
rehabilitated when
the project ended**

**While the initial
diagnosis
predicted an
increase of**

In the whole of the **intervention zone**,
1/4 of the existing wells have been
targeted

Cleaning the
30 wells resulted
in an **increase** of almost

16%
